

- As a user, I should be able to take a picture of ingredients so that I can search for relevant recipes
- As a user, I should be able to favourite a recipe so that I can access them easily later
- As a user, I should be able to add a recipe to a “make later” list so I can access them easily later
- As a user, I should be able to customize my profile to exclude dietary restrictions so I don’t have to exclude them manually
- As a user, I should have the option to exclude/include pantry items so I don’t have to do it manually
- As a user, I should be able to see the nutrition chart so that I know what I am consuming
- As a user, I should be able to add cuisine type filters to my search so that I can filter out unwanted recipes
- As a user, I should be able to filter recipes by time constraints so I can filter out unwanted recipes

#### *STRETCH*

- As a user, I should be able to share recipes on social media so I can share my favourite recipes
- As a user, I should be able to search through my favourites list so that I can find a recipe quickly
- As a user, I should be able to edit query filters after search results are shown so that I can change my mind
